Hinemos™ subscription model starts digital distribution sales in the United States

- Reinforce overseas expansion of OSS Integrated System Operation & Management software "Hinemos" -

NTT DATA INTELLILINK Corporation
Atomitech Inc.

NTT DATA INTELLILINK Corporation, having its main office at Chuo-ku, Tokyo, Japan, whose president & CEO is Kou Miyake (hereafter "INTELLILINK") and Atomitech Inc., having its main office at Ube-shi, Yamaguchi, Japan, whose CEO is Koji Matusmoto (hereafter "Atomitech") announced to start a digital distribution of subscription model of OSS (open-source software) Integrated System Operations & Management Software "Hinemos" (hereafter collectively "Hinemos subscription") in the United States on September 27th, 2017.

The Hinemos subscription has been providing updates for necessary software, updates such as amendment patch, and/or product maintenance support for Japanese market.

In course of Global expansion of Hinemos subscription, US Atomitech (100% share owned by Atomitech Inc.) will start its digital distribution sales of Hinemos subscription for customers in US. Along with its sales in US, English support for products and/or English documents are available at the same time.

INTELLILINK and Atomitech will strengthen cooperation with other Hinemos Alliance enterprises[1] and target to achieve annual 500ea sales of Hinemos subscription.

[Abstract (background)]

Hinemos is published on GitHub[2] and is an application that anyone can download and use. INTELLILINK and Hinemos Alliance pushed forward the development of Hinemos subscription in Japan, which provides the rights to use the software, updates, support for enterprise which is required for enterprise customers.

Now, we start a digital distribution together with US Atomitech, who is our 1st distributor in the United States.

Hinemos Subscription will be distributed from an online store "Hinemos Store" maintained by US Atomitech.

Product support in English, which are to start at the same time, will be included in Hinemos Subscription distributed from "Hinemos Store".

[Abstract (features)]
The digital distribution from "Hinemos Store" begins

The digital distributed version of Hinemos subscription is now available from the on-line store called "Hinemos Store". This means that Hinemos is now available on-line.

Hinemos Store : http://store.us-atomitech.com/

English language support for Hinemos begins

Together with the opening of "Hinemos Store" and its sales in the United States, Product support in English will also start. Product and documents are ready to use in English, for Hinemos to be used in the global environment.

[Future plan]

INTELLILINK and Atomitech will cooperate with other Hinemos alliances company and target to achieve annual 500 ea, and schedule to begin sales in Europe.
